### Equipment + 52 Annual School Live Streaming Events

Skordle Live Streaming Package - Includes Website, Hosting, Back-End Skordle Platform for live streaming 52 annual events throughout the next 12 months. This live streaming package is commonly ordered by schools just launching a new, live stream system for the first time and is lining up a consistent group to film, call, and provide color to your home and away sporting events and live stream other student activities.

Schools May Automate Fundraising: Your school's live stream offers three (3) ad locations and 90 ad spots where your local businesses may promote their support for your school. A portion of the ad revenue from ads placed into your live streaming is eligible to be donated by Skordle back to your school two (2) times per year.

Equipment Package - You will receive video instruction, IT support, and training, including a 1-Time Trial Run (Available in-person or remotely).  
*Laptop: 16GB Streaming, Camera, Video Capture Device: AverMedia Live Gamer Portable 2 Plus, Software: vMix HD, Audio Mixer: AMG04, and Headsets.*  
Pre-Equipment Setup Included. DIY Equipment Setup instructions are also provided.

Annual Streaming Cost/Website/Set Up

**Total: \$4,566.42**

### Equipment + 75 Annual School Live Streaming Events

Skordle Live Streaming Package - Includes Website, Hosting, Back-End Skordle Platform for live streaming 75 annual events throughout the next 12 months.

Schools May Automate Fundraising: Your school's live stream offers three (3) ad locations and 90 ad spots where your local businesses may promote their support for your school.
